FOR IMMEDIATE RELEASE

**Corossol Software hires Janette Ford
as Vice President of Application Development**

COLLIERVILLE, TN, (January 8, 2009) Corossol Software is proud to announce the hiring of Janette Ford as Vice President of Application Development.

Janette is in charge of application development including overseeing programmers, developing schedules and deadlines to keep projects on time and within budget parameters, and manages testing and quality assurance. She is part of the executive team, which works on ideas for future releases of Corossol Software applications including enhancements and added features.

She comes to Corossol Software with more than 20 years of experience in the travel, hotel and airline industries developing software to integrate systems and simplify the end-users' experience. She is excited to be able to have found a position where she can continue managing development teams and working with clients, two things she has enjoyed doing throughout her career.

Corossol Software is headquartered in Collierville, Tennessee, and has offices in Centennial, Colorado. Specializing in business efficiency software, Corossol Software's mission is to provide innovative and affordable business software solutions. For more information go to www.CorossolSoftware.com.
